

Nip that drip in the bud

Leaks can account for more than 200 gallons of water wasted per day. The average leak can add significantly to your monthly water bill.

But you can nip that drip in the bud.
Learn how at www.cvwd.org

Also available, is CVWD's 12-page color brochure, *Water Wise at Home: A Guide to Finding Leaks*. This helpful guide illustrates step-by-step how to find hidden and wasteful leaks inside and outside your home. The booklet also includes a number of water wise tips that can save water and money!
